

## Mobility Desktop in 2020 offers a new look and feel with enhancements and feature updates.

### New Multi-XSP/Multi-Server Sign In

If login regions for multi-XSP/multi-servers are enabled, **options** are provided to select your region/server from the drop-down menu during the initial login, then just click Save and sign in with your credentials and you're up and running.

#### MOBILITY

- ❖ Select Momentum Server **2** if your organization's account ID starts with 3900...
- ❖ Select Momentum Server **1** if your organization's account ID starts with any other numeric combination
- ❖ Contact your organization's System Administrator for assistance if you are unsure which option to select

### Updated Look and Feel

Powerful communications tools in a clean, elegant, and user-friendly interface that sits on your desktop and keeps you connected and informed.

### Streamlined Presence Icons

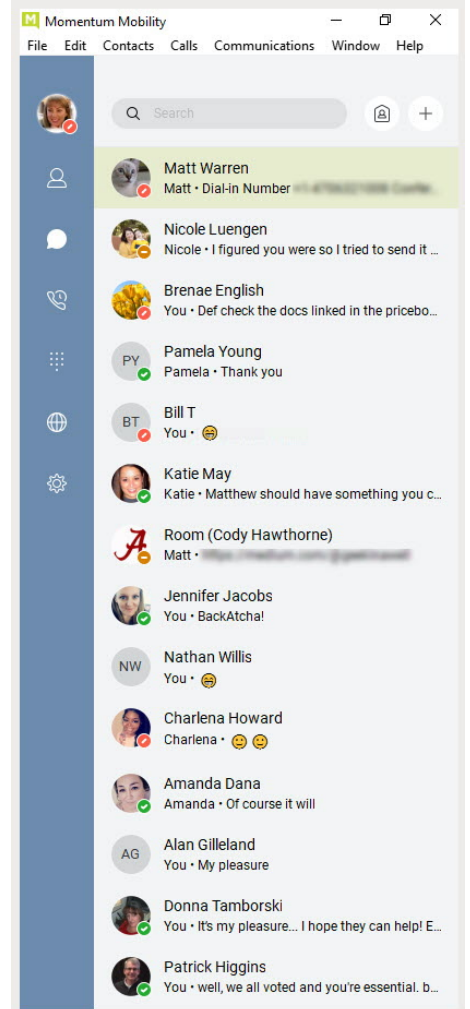

Simplified and color-coded presence icons display contact availability.

- Red** **Call • Busy • Meeting • DND**
- Yellow** **Away**
- Green** **Available**
- Gray** **Offline**

### Improved Feature and Menu Icons

New clean and clear Icons for tools and features.

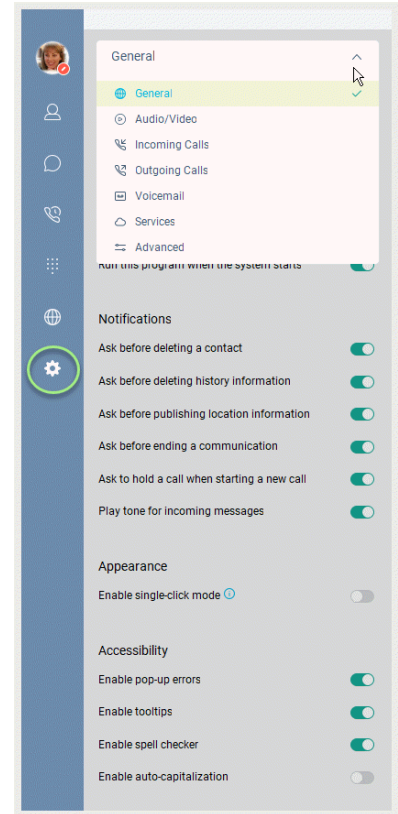

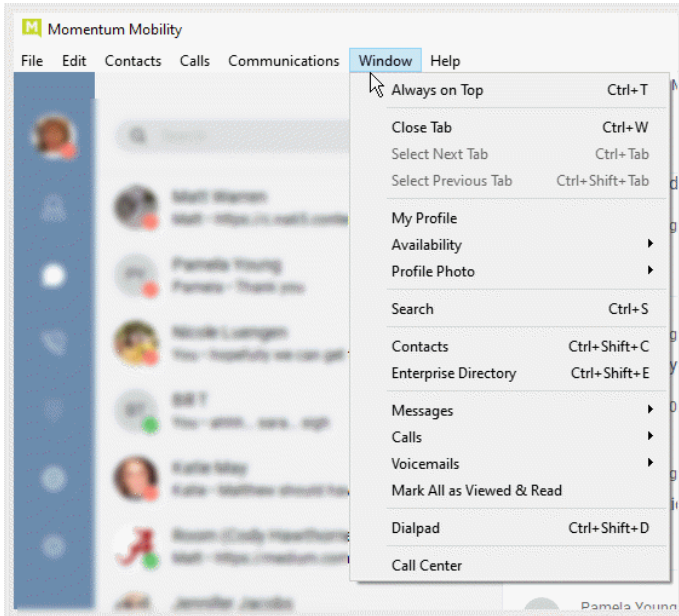

- My Information/Profile/Presence
- View Contacts
- My Room
- Call History
- Chat / Chat History
- Dial Pad
- Access Web Content
- App HubCall History
- Options/Preferences Menu
- Add a contact, group or conference

- IP Call to selected contact
- Call from desk phone
- Video Call to selected contact
- Share
- Menu / More Options

## Simplified Mobility Management Tools

Easy access to manage your profile, your contacts, and optimize your display.

## Modern Communication and Collaboration Tools

Mobility is perfect for scheduled or ad hoc collaborations with your contacts so you can get things done.

Everything you need to communicate and collaborate effectively is available at the click of a button using Chat and My Room.

Invite contacts to collaborate via:

- ❖ Private 1-1 Chat
- ❖ Private Group Chat
- ❖ Public My Room Chat

Use Mobility Chat or My Room to:

- ❖ Send Instant Messages
- ❖ Call Available Contacts
- ❖ Share Desktop Views
- ❖ Share Files (chat only)
- ❖ Stay Connected...
